Styling a Web Page with CSS

Review

A PDF copy of this and other exercises can be found in the **Resources** tab.

Create your own CodePen account so that you can create web pages with HTML and CSS in this module.

- Go to <http://codepen.io/>.
- Click “Sign Up,” in the upper right hand of the CodePen landing page.
- On the “Sign Up” page, scroll down past the paid plan options and click “Sign Up” under the “Free Plan” option.

Prefer to pay with PayPal?

You can **pay for a yearly plan** with your PayPal account.

- Complete the signup form and click “Sign Up.”
- You will then be prompted to complete a profile page. This is optional. Whether you decide to complete a profile or not, click “Save & Continue.”
- You are now able to create web pages on CodePen! Click “New Pen” to start creating a new web page with HTML and CSS.

See you in the next video!
