

Computational Thinking

Introduction

In This Module

- Computational thinking → how to write a computer program
- Programming concepts, JavaScript syntax
- Process for solving programming problems
- Work with our libraries

Why Programming?

- Problems involving **computation** or **repetition**

Peaches

Oh the taste of Summer Peaches

Eating Peaches

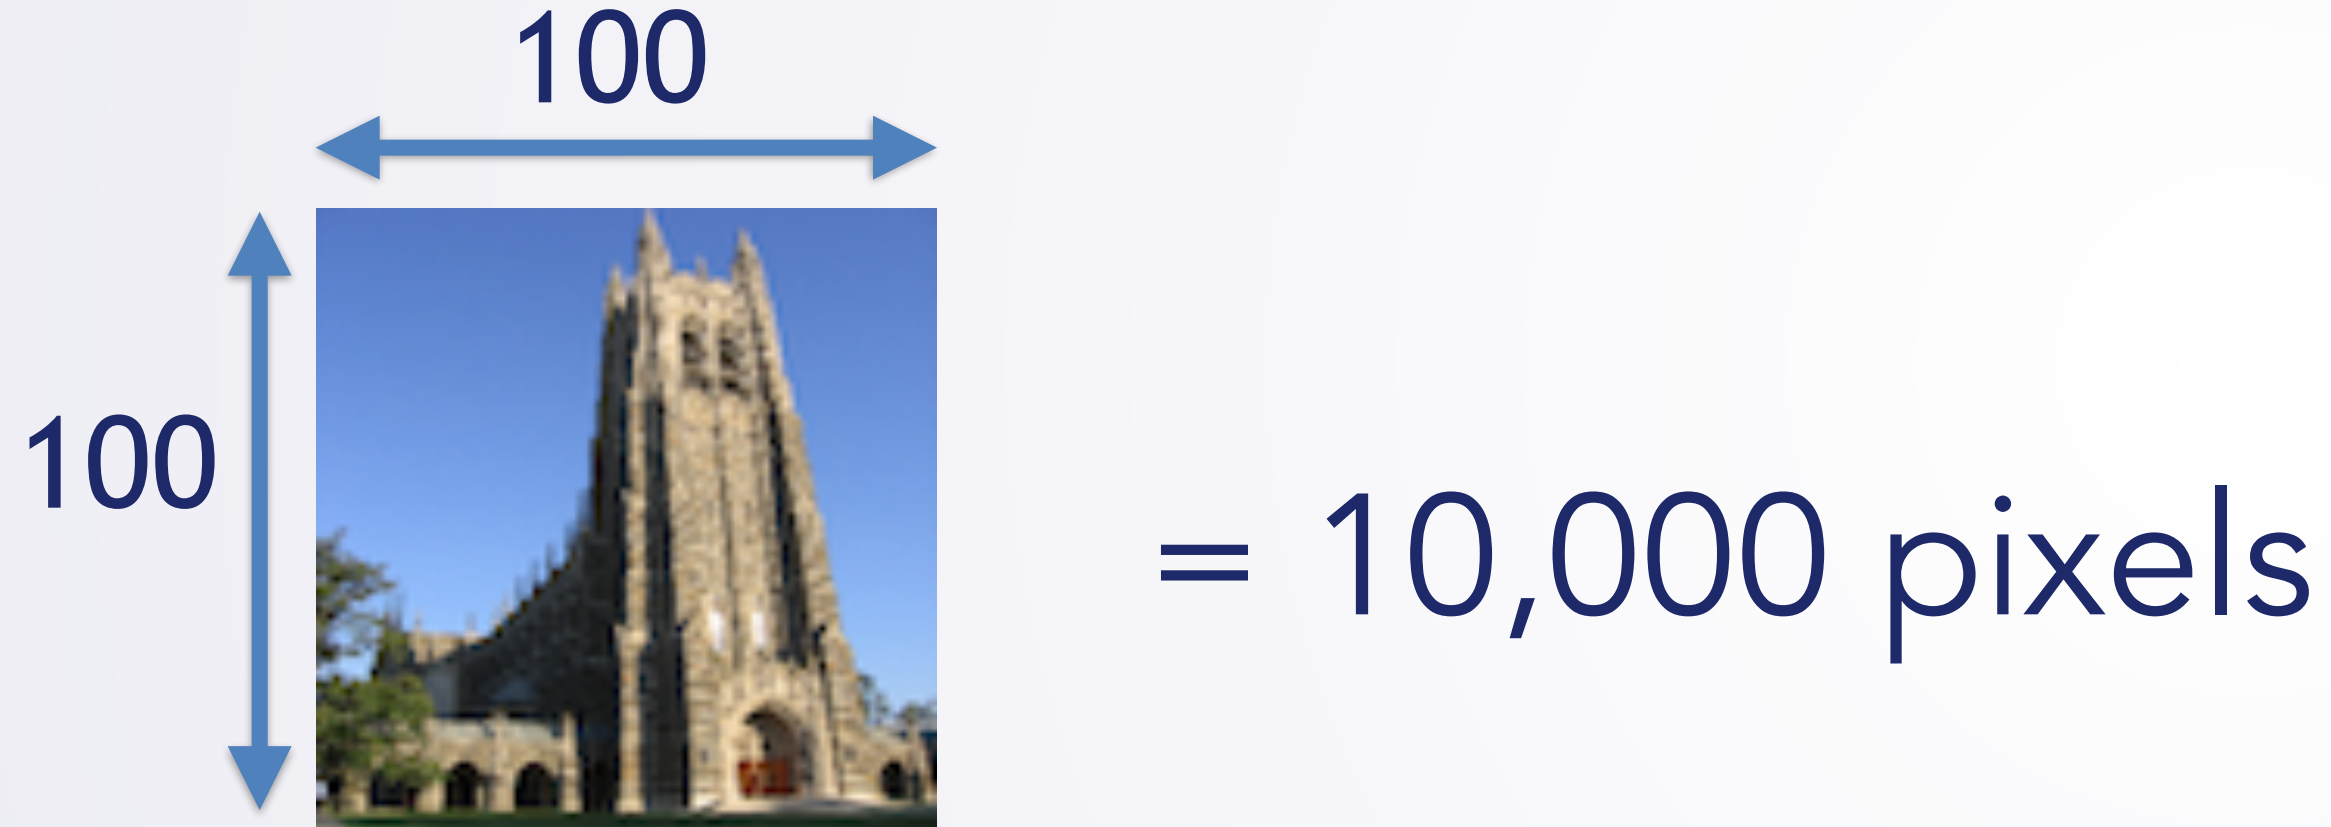

Here are some of my favorite things to do with Peaches

Dessert	Salsa	Drink
Peach	Peach Salsa	Peach Smoothie <ul style="list-style-type: none">• yogurt• orange juice• banana• peach
		

Why Programming?

- Problems involving **computation** or **repetition**

- Hard for humans, easy for computers

Green Screen Problem
