Breaking the Vigenère Cipher

📄	Module Resources	10 min
▶	Introduction	2 min
▶	Known Language and Key Length	5 min
📄	Programming Exercise: Known Language and Key Length	10 min
★	**Practice Quiz:** Known Language and Key Length	2 questions
▶	Unknown Key Length	4 min
📄	Programming Exercise: Unknown Key Length	10 min
★	**Practice Quiz:** Unknown Key Length	4 questions
▶	Unknown Language	4 min
📄	Programming Exercise: Unknown Language, Unknown Key Length	10 min
⭐	**Quiz:** Breaking the Vigenère Cipher	7 questions
📄	Extend Your Program	10 min
📄	End of Module Survey	10 min

Course Resources

http://www.dukelearntoprogram.com/course3/index.php - This website of programming resources contains pages for each course in the Duke Java Programming specialization. The link above for this course is where you will go to:

- Download the custom version of the BlueJ environment;

- Find project resources, such as example code from the lecture videos;

- Download images and data files for the programming exercises; and

- See documentation for the custom classes developed for this course.
